Chief Clerk.

182. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Thursday, the 2nd August 1913.

183. Read again Port Trust Board Resolution No. 50, dated 24th May 1913, adopting certain modifications of the Board's Traffic rules, dated 24th May 1913.

Read a note by the Traffic Manager suggesting that bulk effect be given to the modifications in question so as to cover the case of timber landed from country vessels during March and April 1913.

Resolved to do as suggested.

184. Read note by the Traffic Traffic Manager, supported by the Chairman, recommending, for reasons given, the imposition of a penalty rate of transit dues for certain classes of cargo.

Resolved, under authority of G.O. No. 204, Madras, of 2nd September 1913, to sanction the following conditions in regard to the following classes of cargo which are transiting to consign the Trust's transit duties:—

*Freight charges on dry cargo from coast ports*—The free period, including Sundays only, shall extend from the day following that on which the last of a vessel's dry cargo shall have been landed on the Trust's premises and shall be calculated at the rate of one day for each 4,000 bags or portion thereof, of a vessel's cargo of bags. After the expiry of this free period, the transit dues on dry cargo from coast ports shall be levied at the rate of Rs. 2 per ton in port, thereof, per day or part thereof.

*Freight charges on general cargo, other than dry cargo, from coast ports*—On goods not cleared within ten days, following the date on which the last of a vessel's general cargo shall have been landed on the Trust's premises, including Sundays only, transit dues shall be charged at the rate of Rs. 3 per ton, or portion thereof, per day or portion thereof.

*Transit charges on dry cargo other than from coast ports from foreign and European ports*—The free period and the penalty charges shall be the same as already laid down for cargo in Board's Resolution No. 187 of 2nd August 1913.

*Freight charges on general cargo, other than sugar and bag cargo, from Penang and Singapore.*—On goods not cleared within the working days, including Sundays and gazetted holidays, following the date on which the bill of a vessel's general cargo shall have been landed on the Trust's premises, transit dues will be charged at the rate of Rs. 7 per ton or part thereof, per day or part thereof.

*Goods.*—In the event of consignments, or parts of consignments, of the above-mentioned goods being left in the Trust's premises 24 hours after the above-mentioned penalty charges begin to accrue, the Trust may remove such consignments out of the transit sheds at the expense of the owner of the goods and may stack them in the open at the risk of the owner.

146. Read a note by the Traffic Manager explaining how in a certain case, under the Trust's rules for the levy of such charges, the Malacca and Southern Malacca Railway Income Tax in the Port Trust for harbour dues and wharfage, amounting to Rs. 1,200-12-6, on a consignment of goods booked from a station on that railway to the Harbour Railway station, but which the consignee refused to take delivery of and which was subsequently sold by the Trust on behalf of and at the request of the railway, and suggesting that harbour dues and wharfage should not be charged by the Trust in such cases, goods which are either received by a railway to the harbour or having been intended for shipment are required by consignees, come back into the hands of a railway.

Resolved, subject to the sanction of Government, to adopt the Traffic Manager's suggestion.

Resolved also that it be recorded that the suggestion now recommended is intended to apply only to transshipments between the Port Trust Railway and other Railways and not applicable to the charges which the Trust in a Port Trust, receives on railway-owned goods that are landed or shipped or are intended for shipment.

147. Resolved, with reference to the Resolution just recorded, that Government be requested to sanction the resolution of Rs. 1,200-12-6 to the Malacca and Southern Malacca Railway.

148. Read a letter, dated 16th August 1934, from Messrs. Guthrie, Wardslaw & Co. requesting for remission of the storage charges in a certain tea bag of maize and should be reduced.

Read also notes by the Traffic Manager and by the Chairman.

Resolved to refer the request.

149. Read a note by the Engineer (General), dated 21st August 1934, submitting for sanction an estimate for Rs. 15,000 for repairs to the North Quay.

Resolved under section 74 (2) of the Malacca Port Trust Act, to sanction the proposed expenditure as a recurrent charge half to be spent in 1935-36 and half in 1936-37, and that provision be made for it in the forthcoming revision of the revenue budget estimates.

150. Read and adopted a letter by the Chairman to Government asking that the provisions of Art. IX. of 1897—the President Funds Act—may be made applicable to the Port Trust's President Fund, whereby that Fund may not be required to pay interest.

Resolved also that correspondence be given to this proposal from the date Income-tax Act VII. of 1919 came into force.

151. Read and confirmed the action of the Chairman in making special arrangements regarding treatment of the sea-petrol cargo of the S.S. "Tyrus" arrived September 26th.

152. Resolved, with reference to Board's Resolution No. 374, dated 20th March 1933, whereby the abbreviation C.E.O. or "Chief Examining Officer" in lieu of D.P.O. or "Deputy Port Commissioner" was approved, that in future the abbreviation C.E.O. be dropped and that D.P.O. be again resorted to.

153. Read notes by the Traffic Manager, explaining the reasons a proposal to berth in two units, instead of one according to a bill of Rs. 34-4-6, because of delay in the arrival of shipping documents owing to war conditions.

Resolved that the concession asked for be granted, subject to Government sanction.

154. Received a re-estimate of estimates mentioned date 22nd August 1934.

155. Received G.O. No. 393, Financial, dated 22nd August 1934, sanctioning expenditure in works of sanctioned grants in 1937-38 for work of the sub-works comprising the group of works called the "Bank Station Replacement works"—note Board's Resolution No. 138, dated 1st August 1934.

156. Received G.O. No. 394, Revenue (Special, Malacca), dated 23rd August 1934, sanctioning the revision of current dues amounting to Rs. 33-14-6 which accrued on certain goods consigned to Mr. W. Devanagala Nagudu and Messrs. T. K. Krishnaiah & Co.

157. Received G.O. No. 394, Revenue (Special, Malacca), dated 23rd September 1934, sanctioning the addition of the words "This has for this purpose will be Rs. 33" at the end of line 6 (b)—see Resolution No. 143, dated 1st August 1934.

158. Received the Administration report of the Malacca Port Trust for the year 1934-35.

The Standard Barometer and Thermometers were read at 9 a.m., 10 a.m., 4 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The mirror of the barometer is twenty-two feet above the level of the sea, and the pressure of the main gauge is two feet less than gauge. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since January 1st is 74.11 inches, the average due for the season being 77.58 inches.

### GOVERNMENT OF INDIA.

### LEGISLATIVE DEPARTMENT.

Bills introduced in the Indian Legislative Council, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

The following Bill was introduced in the Indian Legislative Council on the 4th September 1918:—

No. 16 of 1918.

A Bill to provide for the complete effect for a limited period of Bills introduced into the Indian Legislative Council which impose or vary certain taxation.

Whereas it is expedient to provide for the immediate effect for a limited period of Bills introduced into the Indian Legislative Council which impose or vary certain taxation; It is hereby enacted as follows:—

1. This Act may be called the Provisional Collection of Taxes Act,

Short title.

1918.

2. When a Bill is introduced into the Indian Legislative Council by a Member of the Executive Council of the Governor-General, and such Bill provides for the imposition or variation of any tax in the nature of customs or excise duties, and there is inserted therein a declaration that it is expedient in the public interest that the Bill should have temporary effect under the provisions of this Act, the Bill shall, for the period limited by this section and subject to the provisions of this Act, have effect from the date of its introduction as if it were an Act of the Governor-General in Council:

Provided that the Bill shall cease to have such effect if it is rejected by the said Council, or is not passed into law within thirty days from the date of introduction:

Provided further that, if the Bill is passed into law by the said Council in a modified form, the Bill shall be deemed to have effect under this Act as so modified.

3. (2) Where under this Act a Bill to which this Act applies comes to have effect (hereinafter, any money paid in pursuance of the Bill shall be repaid in ready gold, and any deduction made in pursuance of the Bill shall be deemed to be an unauthorised deduction.

(4) Where the tax as imposed by the Bill is modified by the Finance Legislative Council, any money which has been paid in pursuance of the Bill which would not have been payable under the new conditions affecting the tax shall be repaid in ready gold; and any deduction made in pursuance of the Bill shall, so far as it would not have been authorised under the new conditions affecting the tax, be deemed to be an unauthorised deduction.

#### STATEMENT OF OBJECTS AND REASONS.

Provision has at present been made in a financial Bill that the duties or rates of duty imposed by it shall come into force from the date of introduction of the Bill. Such provision, however, gives no power to collect the taxes imposed by the Bill until it is actually passed into law. Apart from the administrative inconvenience which results under this arrangement, there is obviously a considerable risk of loss of revenue owing to the difficulty which may arise in ascertaining, with retrospective effect, the correct duty on goods which have been passed through the customs or assessed here land in the interim. Powers are therefore required to make it possible to collect provisionally various classes of taxes immediately on the introduction of the Bill under which they are imposed. These powers will be more necessary in the future than in the past in view of the recent alterations in the procedure for discussing the Annual Financial Statement, the result of which will be to lengthen the period ordinarily elapsing between the introduction and the final passing of a financial Bill.

It is provided for these powers in the present Bill, which is based on the British Provisional Collection of Taxes Act, 1914 (3 Geo. V, Chap. 3), lay down certain safeguards and limitations. Firstly, only taxes in the nature of customs or excise duties come within the scope of the Bill, since it is only with regard to these that difficulties of the kind just mentioned are likely to occur. Secondly, the powers will only be exercisable if in the Bill imposing the new duties or rates of duty a declaration is specifically inserted that it is expedient in the public interest that the Bill should have temporary effect from the date of its introduction as if it were an Act of the Governor-General in Council. Thirdly, it is provided that the temporary effect of a Bill imposing the duties or rates of duty shall cease if the Bill is rejected or is not passed into law within thirty days from the date of its introduction, and that, if it is passed into law in a modified form, it shall be deemed to have temporary effect only as so modified. And fourthly, provision is made for the repayment, if the Bill imposing the new duties or rates of duty is rejected or is not passed into law within thirty days from the date of introduction, of any money paid under the Bill during the period in which temporary effect has been given to it; and, if the Bill is modified before passing into law, for the refund of any money paid which would not have been collected under the Bill as modified.

The following Bill was introduced in the Indian Legislative Council on the 6th September 1908:—

No. 11 of 1910.

*A Bill to provide that silver held on behalf of the Secretary of State for India in Council or the Governor-General in Council may, if so held in the United States of America or in course of transmission therefrom, be deemed to be part of the reserve referred to in section 19 of the Indian Paper Currency Act, 1910.*

WHEREAS it is expedient, owing to the present war, to provide that silver held on behalf of the Secretary of State for India in Council or the Governor-General in Council may, if so held in the United States of America or in course of transmission therefrom, be deemed to be part of the reserve referred to in section 19 of the Indian Paper Currency Act, 1910; It is hereby enacted as follows:—

Enactment.

(1) This Act may be called the Indian Paper Currency Act, 1910.

(2) It shall remain in force during the continuance of the present war, and for a period of six months thereafter.

Enactment.

2. In this Act—

“silver” means silver coins or silver bullion.

3. Notwithstanding anything contained in the Indian Paper Currency Act, 1910, the Governor-General in Council may, by order in writing, direct—

(a) that silver held in the United States of America on behalf of the Secretary of State for India in Council or the Governor-General in Council, shall be deemed to be part of the reserve referred to in section 19 of the said Act; or

(b) that silver in course of transmission from the United States of America, which is at the commencement of such transmission or at any period thereafter, held on behalf of the Secretary of State for India in Council or the Governor-General in Council for transmission to India shall, during the period it is so held, be deemed to be a part of the reserve referred to in section 19 of the said Act.

Enactment.

4. The Indian Paper Currency Ordinance, 1905, is hereby repealed.

# STATEMENT OF OBJECTS AND REASONS.

The Indian Paper Currency Act, 1910, provides for the holding, as part of the Paper Currency Reserve, of silver or gold coins or bullion in transit to and from India in certain circumstances. The Act does not, however, cover the case of silver held in the United States and in transit therefrom to India. At the present time, the bulk of the Government of India's purchases of silver are being made in the United States, and it is desirable that they should have power to treat such silver as a portion of the Paper Currency Reserve after its acquisition by or on their behalf in the United States, and during the period of its transit to India. An Ordinance was accordingly promulgated on the 10th April providing that silver so held may be deemed to be part of the Paper Currency Reserve. The present Bill provides for the continuance of the provisions of that Ordinance for the period of the war, and for six months thereafter.

Signed,

The 22nd July 1908.

# STATEMENT OF OBJECTS AND REASONS.

There was taken by an Ordinance promulgated on the 14th June 1918 for the coinage and issue of a gold coin or 10-rupee gold piece at the Indian Mints. Through arrangements for the coinage of sovereigns in India were made, these had not at that time been completed, and it had become necessary to provide for the early conversion into coin of a portion of the large stock of gold bullion and foreign coin held by the Government of India in this Paper Currency Reserve. The further coinage of gold bullion for the present has been directed on the recommendation of the coinage of sovereigns in the early-constituted branch of the Royal Mint at Bombay, but it is possible that it may again during the course of the war be found to

be expedient to resume the exchange of tokens. In any case, even if further exchange of tokens is not undertaken, it is necessary to continue the legal tender character of the notes which have been and will be issued. As, therefore, the aforementioned Ordinance will cease to have effect in December next, it is proposed by the present Bill to continue its provisions for the period of the war, and for six months thereafter.

#### STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to protect the subjects of States at present at war with His Majesty from obtaining control during the period of the war and for five years thereafter over any business connected with certain non-ferrous metals and metallic ores.

To secure this object all persons engaging in these industries must be licensed. Persons who supply the Local Government that they are not hostile foreigners, or that the interests which they represent are not under hostile control, will be entitled to a licence. The Bill extends to British India the principles of the law as the subject introduced in the United Kingdom as the Non-Ferrous Metal Industry Act, 1915.

Clause 3 prescribes the metals and ores to which the law will at present apply. Clause 4 prohibits the dealing in such metals except under a licence, and prescribes the conditions under which such licence may be granted.

Clause 5 gives power to call for information from, and to inspect the documents of, a licensee or an applicant for a licence to ascertain the nature of the business or occupations of the company or firm, with a view to determining whether it is or is not controlled by a subject of the present enemy State.

Clause 6 provides power for an Indian company to give notice requiring holders of shares warrants to transfer to surrender the share warrants for cancellation and to have their names registered. The necessity of this empowering companies arises from the fact that companies which have issued such share warrants are not subject to a lien.

Under clause 7 an Indian company may give notice requiring a shareholder or debentureholder to make a declaration as to the beneficial ownership of the shares and debentures showing in his name.

Clause 8 provides the penalties for offences against the Act, and clause 10 provides that regulations shall not be taken of any offence under the Act except under the orders of the Local Government.

The conditions which prevent an applicant from obtaining the grant of a license as a matter of right are explained in the schedule.

#### STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Provincial Insolvency Act, 1927 (III of 1927), which contains the law of Insolvency in force in British India during the Prodigeswar and the town of Bhopal. The Act came into force on the 1st January 1929, and since then with the passage of a few unimportant amendments made in 1934, it has not been amended. For years' experience of the practical working of the Act has brought to light many defects which have from time to time provoked criticism from most of the Local Governments and not a few of the Judges who have had to administer its provisions. Numerous suggestions for the amendment of the Act on various points have also been received from time to time from the commercial communities and members of the legal profession.

2. The chief indictment of the Act is that it leads itself to the protection of fraudulent debtors, that it subjects an undischarged insolvent to undue or no practical restrictions, and that its provisions for the punishment of fraudulent insolvents are not effective in practice.

3. One of the principal defects in the existing law arises from the fact that the conduct of the debtor in many cases never comes under the scrutiny of the Court. The steps at which the mismanagement of the debtor should come before the Court, and at which most of the provisions affecting a fraudulent insolvent would operate, is when he applies for his discharge, but there is nothing in the Act which requires him to apply for his discharge, and in practice such applications are rare. To remedy this unsatisfactory state of the law, it is proposed to include in the Act provisions which will compel an insolvent to apply to the Court within a prescribed period for his discharge or to lose the protection afforded by the Insolvency proceedings. The Court will have power to extend the prescribed period and, when the adjudication order is annulled owing to the failure of the insolvent to apply in time for his discharge, a fresh petition on the same facts will be barred. These proposed changes are effected by the provision to proposed new section 4 U in clause 4 of the Bill, new sub-section (1A) (c) in clause 25, the amendments in clause 11 (1), (3) and (4), and the amendments in clause 25.

4. It is now settled law that under the Act, as it stands, it is not open to the Court to reject the petition of a debtor on the ground that the application is an abuse of the law. While admitting that the object of an Insolvency law is to deal with all creditors, whether honest or not, and that no applicant who is in fact insolvent should be liable to lose his position demanded as justice, it is now reasonable that the Court should have discretion as to the amount of protection to be afforded to a petitioning debtor in each individual case, the debtor being required to show that he is in fact unable to pay his debts, and that he has not concealed his property. These changes in the existing law are effected by the amendments in clauses 6 and 19 (i) and by clause 17, which inserts a new section 14 A as to protection orders on the face of section 23 of the Provincial Insolvency Act, 1927.

5. A further defect in the Act is the absence of provision sufficiently defining the power of Courts to decide questions of law and fact arising in Insolvency proceedings. In certain cases, e.g., those mentioned in sections 18 (2), 36 and 37, the Court is empowered to pass orders, and section 47 defines the general powers of the Court as regards proceedings under the Act, but nowhere is a general power conferred on the Court to deal with and decide important questions of law and fact (e.g., a question of title to property) which may arise in the Insolvency proceedings. This question has recently been the subject of conflicting decisions in the Allahabad and the Calcutta High Courts. In *Shree Chandra v. Durga Chandra Choudhary* (35 C.W.N., 764), the Calcutta High Court disavowing from the Allahabad High Court held that the Insolvency Court has no such power, and that a question of title to property should be tried in a separate suit. It is obviously desirable that this conflict between the two High Courts should be terminated, and having regard to the prevalence of Insolvency transactions in India and the importance of enabling Courts with adequate powers for the speedy resolution of suits in the interests of creditors, the Government of India are of opinion that the Court should be given full power to decide all questions raised in Insolvency proceedings. Clause 3 of the Bill accordingly inserts a provision on the face of section 7 of the Provincial Insolvency Act.

6. Proceedings instituted against fraudulent insolvents are frequently infructuous. This is largely due to the lack of provision in the Act as to the procedure to be adopted by the Court which desires to take action. The wording of sub-section (5) of section 44 is really vague

low a composition can be made (1) after the retaining order and prior to adjudication, or (2) after adjudication. But under the Indian law there is no retaining order procedure at all, and the order of adjudication is made on the basis of the petition. It is very doubtful whether under the *Provincial Insolvency Act* the Court would have before it the necessary facts to justify it, in dealing with compositions or schemes prior to adjudication. It is therefore proposed to follow in this respect the procedure under the *Provincial Towns Insolvency Act* and allow compositions and schemes only after adjudication. This is effected by the first two amendments.

The third amendment in this clause is a drafting one—of sub-section (7) of section 22.

Clause 15.—As it stands, section 34 would not prevent the whole of the debtor's property from being sold for the benefit of an individual creditor after the filing of the petition and before the order of adjudication is made. The amendment prevents this and brings the section into line with section 53 of the *Provincial Towns Insolvency Act*.

Clause 16.—This amendment is consequential to the proposed definition of "transfer of property" in section 2.

Clause 17 makes it clear that the transactions referred to in section 33 are *inter vivos* transactions. There appears to be no doubt that this is the intention.

Clause 18.—Apparently the desire imposed on the debtor by sub-section (7) of section 43 acts as soon as the Court has made an order under section 22 (2). It seems desirable to under this clause. It is difficult to see how the debtor can be under any obligation to assist in the distribution of his property, unless he is adjudged an insolvent. It is proposed therefore to amend the concluding part of sub-section (7), and to refer to a separate sub-section the provisions which impose on the debtor the duty of aiding in the distribution of his property. Clause 18 effects these changes.

Clause 19.—The effect of existing section 45 is to release a discharged insolvent from liability under an order of maintenance made under section 455 of the *Code of Criminal Procedure, 1898*, and in this respect the section is in conflict with section 45 of the *Provincial Towns Insolvency Act*. It is proposed to bring it into accord with the latter Act.

Clause 20.—In view of the power which the proposed new section 24 would confer on Courts exercising insolvency jurisdiction, it is proposed to provide specifically that decisions in the exercise of this power shall be appealable.

Clause 21.—Under the Indian law no statutory disabilities attach to the position of an undischarged insolvent. It is doubtful whether public opinion in this country is at present inclined to attach much disgrace to a person in this position, but it appears desirable that the stigma of the community should be alleviated by providing certain statutory disabilities in addition to those already imposed, e.g., by the *Regulations relating to members of the Legislative Council*. A partial provision is to be found in section 51 of the *Bankruptcy Act, 1903* (45 & 47 Vict., c. 52).

Clause 22.—These amendments are introduced with a view to curtail the extensive number of notices which are at present required to be published in the Gazette.

7. Subject to the control of the Governor General in Council a Controller may from time to time by order in writing delegate all or any of his powers subject to such conditions and restrictions as may be prescribed therein.

13. No suit, prosecution or other legal proceeding shall lie against any person for anything which he in good faith does or omits to do under this Act.

14. All powers given by this Act shall be in addition to and not in derogation of any other powers conferred by or under any enactment, and all such powers may be exercised in the same manner and by the same authority as if this Act had not been made.

#### STATEMENT OF OBJECTS AND REASONS.

Owing to the great rise in the price of cotton piece-goods caused by the war, considerable distress has been caused to the poorer classes. It is accordingly proposed to take power to approach one or more Controllers, with whom will be associated Advisory Committees of persons having expert knowledge of the trade. The Controllers will have authority to require the mills to manufacture certain standard varieties of cloth which are in common use amongst the poorer classes. The standard cloth will be manufactured at controlled prices, which will be so fixed as to allow the mills a reasonable margin of profit, and in order to ensure that the benefit of these prices reaches the general public, the sale of the cloth will be effected under licenses granted and at prices fixed by the Local Government.

The following Bill was introduced in the Indian Legislative Council on the 5th September 1916:—

No. 16 of 1916.

*A Bill to terminate doubts which have arisen as to the continuance in force of notifications, orders and rules made or issued under the Enemy Trading Ordinance, 1915.*

WHEREAS doubts have arisen as to the continuance in force of notifications, orders and rules made or issued under the Enemy Trading Ordinance, 1915, after the repeal of the said Ordinance by the Enemy Trading Act, 1916, and it is expedient to terminate such doubts; It is hereby enacted as follows:—

1. This Act may be called the Enemy Trading Orders (Validation) Act, 1916.
2. Every notification, order or rule which was made or issued under any provision of the Enemy Trading Ordinance, 1915, and which was in force immediately prior to the repeal of the said Ordinance, shall be deemed to have continued in force notwithstanding such repeal, and to have been made or issued under the Enemy Trading Act, 1916.

#### STATEMENT OF OBJECTS AND REASONS

The Enemy Trading (Winding-up) Order, 1915, was issued in exercise of powers conferred by the Enemy Trading Ordinance (V of 1915). The Ordinance was subsequently repealed by the Enemy Trading Act, 1916 (X of 1916), and doubt has consequently been cast on the validity of the Enemy Trading (Winding-up) Order. Although reasons could be adduced for holding that the Order is still valid, it is considered expedient that any doubt is raised to the matter should be removed. The Bill accordingly declares that notifications, orders or rules issued under the Ordinance shall be deemed to have continued in force notwithstanding its repeal, and to have been made or issued under the Enemy Trading Act, 1916.

The following Bill was introduced in the Indian Legislative Council on the 5th September 1918:—

No. 17 of 1918.

*A Bill to provide that marriages between Hindus of different castes are valid.*

WHEREAS it is expedient to provide that marriages between Hindus of different castes are valid; it is hereby enacted as follows:—

Enactment and 1918. 1. (1) This Act may be called the Hindu Marriages Validity Act, 1918.

(2) It extends to the whole of British India.

Enactment and 1918. 2. No marriage among Hindus shall be invalid by reason that the parties thereto do not belong to the same caste, any custom or any interpretation of Hindu law to the contrary notwithstanding.

# STATEMENT OF OBJECTS AND REASONS.

Under the Hindu law as interpreted, marriages between Hindus of different castes are held illegal. This interpretation, besides being open to question, has caused serious hardship in individual cases and is calculated to retard the progress of the community. The Bill, therefore, seeks to provide that such marriages shall not be invalid.
